

## Testimonials

"Incredibly, I just - today - received three more replies on my postcards that you folks sent out for me in November. That's a reply of 3.5%." — Steven Q., Denver

**Attention all Super Agents...**  
**Not all leads are created equal!**

**Get fresh, hot,  
100% pre-qualified  
leads who WANT  
more information  
on your products.**

## Insurance, Mortgage and Seminar leads generated through Direct Mail work!

Imagine 10 to 12 appointments each week, exclusively with qualified prospects who are interested in topics that relate to your products. Would that work for most agents? Absolutely, and precisely what thousands of successful agents do every week, who use ARM's proven lead generation program. Sales success is out there and it's much easier when you focus on the sale itself, made possible with a constant flow of qualified prospects!

### Wave: Part I

Submitted by Anonymous on Wed, 05/25/2011

In many ways, wave marketing is not only about changing your marketing approach but your attitude toward building relationships.

### The Law:: Affordable Care Act Coverage Provisions Timeline

Contributed on May 25, 2011 by Anonymous

Filed under: [General News](#)

#### The Act That May Not Die

President Obama signed the bill at the heart of the Affordable Care Act Package—the Patient Protection and Affordable Care Act (PPACA)—into law March 23, 2010.
